

OFFICE OF THE GOVERNOR
GUAM

MAY 30 2000

The Honorable Joanne M. S. Brown
Legislative Secretary
I Mina'Bente Singko na Liheslaturan Guåhan
Twenty-Fifth Guam Legislature
Suite 200
130 Aspinal Street
Hagåtña, Guam 96910

Dear Legislative Secretary Brown:

Enclosed please find Substitute Bill No. 386 (COR), "AN ACT TO APPROPRIATE \$94,000.00 TO THE GUAM EDUCATIONAL RADIO FOUNDATION (KPRG PUBLIC RADIO) FOR GUAM'S SHARE OF MATCHING FUNDS FOR THEIR FISCAL YEAR 2000 OPERATIONS", which went into law without signature on Saturday, May 27, 2000. This legislation is now designated as **Public Law No. 25-143**.

This is an unfortunate situation. Although KPRG has been in existing for a number of years as a non-profit radio station, it is still in need of public subsidy. The funding provided in this legislation is from a source that cannot be accessed. The "revenues derived from Compact Impact Aid" is not available for this expenditure, as the type of items that can be paid from this fund is controlled by the federal government.

Please provide some assistance to the public radio station from a funding source that can be accessed.

Very truly yours,

Madeleine Z. Bordallo
I Maga'Lahen Guåhan, Akto
Acting Governor of Guam

Committee Report On

Bill No. 386 (COR): AN ACT TO APPROPRIATE THE SUM OF NINETY FOUR THOUSAND DOLLARS (\$94,000) TO THE GUAM EDUCATIONAL RADIO FOUNDATION (KPRG PUBLIC RADIO) FOR GUAM'S SHARE OF MATCHING FUNDS FOR THEIR FISCAL YEAR 2000 OPERATIONS.

I. OVERVIEW

The Committee on Education held a public hearing on Wednesday, April 12, 2000 at 8:45 a.m. at I Liheslaturan Public Hearing Room.

Committee Members Present:

Vice Speaker Lawrence F. Kasperbauer, Chairperson
Senator Joanne M.S. Brown
Senator Simon A. Sanchez, II
Senator Frank Blas Aguon, Jr.

Other Senators Present:

Senator Alberto C. Lamorena V
Senator Vicente C. Pangelinan

Providing Testimony on the Bill:

Mr. Gary Becker
Mr. Wanjoo Kim
Mr. Mike Wilkins, General Manager, Guam Educational Radio Foundation
Dr. John Wittmayer, Chairman, Board of Trustees, Guam Educational Radio Foundation.
Mr. Edward Murray
Ms. JoAnn Becker
Ms. Lousette Kim
Mr. Peter Waddel
Ms Brenna E. Lorenz
Mr. Roger Warren
Ms Barbara Warren
GM1 & Mrs. Daniel R. Coffey
Mr. George Wall
Mr. Lawrence C. Kennedy
Mr. Jose M. Torres

Mr. Stephen Aren
Dr. Rosalind Hunter-Anderson
Mr. D.W. (Duke) Shepard
Mr. James Nicols
Mr. Jason Datuin
Ms. Bernice Duckrow
Mr. Joseph Cruz
Mr. Mark Ruth
Mr. R. Todd Thompson
Mr. Bengy Kossman
Mr. Edward San Agustin
Ms. Mary Ellen Alterburger
Ms. Julia M. Allen
Mr. Rodney Bordallo
Ms. Julie Cruz
Ms. Vanessa Bordallo
Dr. Marsha Spitzer
Dr. Michael S. Nelson

II. Testimony

Mr. Gary Becker/ Jo Anne Becker testified against Bill No. 386 (COR) citing better use of the funds appropriated therein, KPRG as a poor investment, outstanding FCC violations and little or no accountability for funds. Mr. Becker suggests that, as an alternative to the provisions of the Bill, allocation of funding to KPRG be delayed until certain conditions are met (conditions detailed in attached testimony).

Mr. Wilkins testified in support of the Bill stating forced closure of the radio station should needed funding not be received despite cost-saving measures. He provided a brief history of the operations and funding of KPRG and the services KPRG provides, as well. He indicated that Guam will lose \$300,000 in funding should the station cease operations. Subsequent to the hearing, Mr. Wilkins presented answers in writing, to the Committee in response to allegations impropriety made at the hearing.

Dr. Wittmayer testified in support of the Bill calling public radio an irreplaceable educational asset. He compared the offerings of KPRG to those of commercial radio stations stressing KPRG as an educational tool.

Mr. Mike Napoli submitted written testimony stating that a better use of funds would be to purchase playground equipment.

Synopsis of Other Testimony. All other signed testimony submitted to the Committee were in support of Bill No. 386 (COR). Each stated the need for public radio and provided personal views on the need for KPRG to remain in operation. During the hearing all Committee members expressed support for the station. Senators Brown and Lamorena although supportive of the station, stressed the need for financial

accountability and the allegations made by KPRG's detractors should be adequately answered. Anonymous testimony and email senders expressed opposition to the bill.

III. Findings and Recommendation

The Committee on Education finds that subsequent to the hearing on Bill No.; 386 (COR), the Committee Chairman and staff probed deeper into the operations of KPRG, its finances and its status with the FCC, It was determined that there exist no apparent operational issues within KPRG which would warrant not appropriating funds to the station.

The Committee agrees that public radio is and excellent educational medium and that it provides programming unavailable through commercial radio stations. The Committee finds that KPRG continues to be an educational asset to our island akin to public television and considers the loss of Guam's only public radio station to be unacceptable The Committee finds that while funding KPRG is necessary and appropriate, certain conditions should be met prior to disbursement of funds. Such conditions are contained in a bill substituted by the Committee.

It is the recommendation of the Committee on Education that Substitute Bill No. 386 (COR) be reported out with the recommendation **TO DO PASS**.

Statement for Public Hearing on Bill 386

Honorable Senators:

My name is Gary Becker. I am a former Operations Manager at KPRG. I am here to today to provide my views on Bill 386 (COR). This bill if passed by the Legislature will allocate \$94,000 to KPRG, 89.3 FM.

I am opposed to this appropriation of taxpayer funds to KPRG, 89.3 FM. I am opposed to the passage of this bill for the following reasons:

1. There are more important programs and services that need government funding during this recession.
2. KPRG may not be a good community investment as they may have led you to believe.
3. There are many FCC violations that need to be addressed.
4. KPRG has not been fully accountable for all the funds that they have utilized over the past 6 years.

I would like to take this time to explain my reasons for opposing passage of Bill 386.

This is a crucial time for the Government of Guam. Government fiscal issues are discussed almost daily in the PDN and KUAM news. The resounding message the public is getting is that the Guam Legislature wants to streamline the Government and save money. Many government programs have suffered since this streamlining and austerity has occurred. Important areas like healthcare and education have been adversely impacted by the cost-cutting measures.

On the other hand, KPRG 89.3 FM has lobbied to get \$94,000 from the taxpayers this year. In order to get this money, KPRG needs to prove to you the legislature that they are an essential program that deserves precious taxpayer money during a severe recession. There is the opinion that Public Radio for Guam is a government owned and operated station. This entitles Public Radio to local government funding much like the Public Library system. This is completely false. Public Radio for Guam is merely a special interest group, a non-profit radio station that may qualify and receive

government grants under strict guidelines. In Guam, the public radio station has, in the past, received money from the Government of Guam

So the important question for you to decide will be if the special interests of a public radio station outweigh the essential governmental programs and services, like healthcare and education?

Secondly, KPRG may not be a good community investment as they may have led you to believe. One of the primary selling points for getting Bill 386 introduced was the aspect of KPRG being an active community partner with outreach programs for youth and minorities. This was my vision as the Operations Manager and I worked hard at developing these outreach programs and activities for the station, most of the time during my days off. Since I have left KPRG, the outreach programs, to my knowledge, no longer exist. Financially, KPRG may not be a good investment. Last summer, they applied for a bank loan and were rejected. If banks do not feel KPRG is a sound financial investment, on what basis can the Government of Guam allocate \$94,000 to KPRG?

There are about 37 FCC violations currently outstanding. This means KPRG is violating 37 FCC operating rules and procedures. Any one of these violations could constitute a substantial fine or collectively could cause closure of the radio station. You could allocate \$94,000 of taxpayer money to KPRG and FCC could shut them down for their violations. How will this kind of fiscal decision look to the taxpayers of Guam?

Lastly, KPRG has not been fully accountable for all the funds that they have utilized over the past 6 years. Only recently have they had the ability to track where the monies have been spent. Moreover, as some staff knows, federal grants have been used in the past to pay for staff salaries, which is strictly prohibited under grant guidelines. It has been said that when KPRG opened 6 years ago, Government of Guam gave them money with the understanding that within 3 years they would be self-sufficient. Why hasn't KPRG lived up to their part of the original bargain? How can this radio station be so deeply in debt that banks wouldn't bail them out and now they must turn to the taxpayers for relief?

In my opinion, KPRG has been allowed to operate with little or no accountability for its funds. This lack accountability is the key to their present financial state. KPRG management will argue that their current

financial status was caused by a failure on KPRG's part to apply for Government of Guam funding for the past two years. However, what has KPRG done to wean them off of Government of Guam funding? Has membership and underwriting increased over the last 5 years? If not, why hasn't membership and underwriting increased to offset Government of Guam funding...after all this was the original plan.

The basic issue that the Guam Legislature must decide if giving \$94,000 to a special interest group, with poor accountability and a questionable track record for living up to their part of the bargain, will be a good investment for the People of Guam.

An alternative to immediately allocating \$94,000 to KPRG would be to delay allocation of the \$94,000 until the following milestones were met:

1. Conduct an independent on-site audit of all the financial records and documents to obtain an objective assessment of the radio station's financial status.
2. Obtain a detailed plan of how KPRG will address their outstanding debts.
3. Obtain a plan of how KPRG will correct all the FCC violations.
4. Obtain a five-year plan showing how KPRG will be financially independent of Government of Guam money.

Completion of these milestones would be indication of KPRG's good faith in achieving their goals.

I hope I have given you "food for thought" for your decision.

Thank you for your time.

**Testimony before the Committee on Education
Twenty-Fifth Guam Legislature
Wednesday, April 12, 2000
For Bill No. 386 (COR) Guam Public Radio**

Good morning Senator Kasperbauer:

I am Michael Wilkins the General Manager of The Guam Educational Radio Foundation. With me this morning is Professor John Wittmayer, Chairman of the foundations Board of Trustees. We are here today to testify in favor of Bill No. 386.

The Guam Educational Radio Foundation (GERF) was organized by local citizens in 1992 under the incorporation laws of the Territory of Guam, as a not-for-profit educational foundation, for the principal purpose of holding a community broadcast license and conducting broadcast operations as a "State" public radio organization as defined by the Federal Communications Commission, the Corporation for Public Broadcasting and National Public Radio.

A "Joint Letter of Agreement" was negotiated with the University of Guam to house the earth terminal, control facilities, studio and office of the radio station, in exchange for technical training of UOG students and on-air promotion of the University (which we value at \$70,000 per year).

Staffing:

The Foundation employs five full time staff members as required by our Federal grant, a Community Service Grant from The Corporation for Public Broadcasting (CPB). We maintain 24 hour broadcasting with the generous assistance of more than 30 volunteers.

Funding History:

In 1993 a National Telecommunications and Information Administration, U. S. Department of Commerce Federal Grant of \$281,048 was matched by a \$200,000 grant appropriated by the 22nd Guam Legislature.

In 1994 a Public Service Grant of \$83,246 was received from the Corporation for Public Broadcasting. The Guam Legislature appropriated \$200,000 for salaries and operations to match funds provided by CPB.

Local government grants were appropriated in 1993 (\$200,000), 1994 (\$200,000), 1995 (\$200,000), 1996 (\$100,000), 1997 (\$136,100) and 1998 (\$120,000). These grants, combined with annual Federal Grants, provided the majority of the foundations \$500,000 annual operating budget, with some 15 to 20% of the budget provided by members gifts and commercial underwriting.

As the Guam economy began to decline in 1998 the foundation refrained from asking for any appropriation in the 1998/99 fiscal year and reduced its operating budget some \$100,000.

The national public radio network has almost 600 radio stations on the Mainland all of which receive "state" funding. Two of those stations, Guam and Saipan are in the Western Pacific, and Guam is the only station not receiving "state" support last year. Guam Public Radio has now entered the second fiscal year without receiving any Guam "State" support.

Financial Condition:

As of this date we are unable to identify a source for funds that will allow us to continue operation without the assistance of the local government. If Guam Public Radio is forced to close its doors we will loose \$300,000 in Federal Grants, local gifts and business underwriting. The community will loose diverse community services, including the training of University of Guam students and the training of hundreds of volunteers.

Request:

I urge the 25TH Guam Legislature pass Bill 386 appropriating funds for continued operation through fiscal year 2000, funds that will match funds for Federal Grants in the amount of \$120,000 per year. The alternative of not passing this bill will force Guam Public Radio to close its doors.

MEMORANDUM

Date: April 12, 2000

To: Ufisinan I Liheslatura

Subject: **Bill 386**

I urge your support of Bill 386 which will provide modest support for Public Radio for Guam. Without this support, Guam may lose an irreplaceable educational asset.

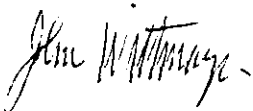

Why should the Government of Guam provide financial support for a public radio station? The answer to that question is the same as the answer to the question, "Why should the government support public safety, health and education?" Because these services are vital to the public good. A society cannot survive and prosper without such essential government support.

How do we improve the quality of education here on Guam? Part of the answer to that question is: We support educational radio programming. Education does not happen only in the classroom. In fact, education **will not** happen in the classroom unless the society outside the classroom models the goals of the educational system. For better or for worse, mass media are primary channels for learning. Commercial mass media, for the most part, have abdicated their educational responsibilities. Unfortunately, quality programming is not usually a big money-maker. That is why public broadcasting is so essential to a healthy society.

For a very small investment, the Government of Guam can assist KPRG in bringing the highest quality news, commentary, and entertainment to this island. Not only do we provide in-depth, real time news reports and analysis from National Public Radio, Public Radio International, and the BBC, we also provide the only media venue on island for an array of musical genres including Classical, Jazz, Blues, Folk, World Beat, Reggae, Tropical and Island Style. Our programming represents the very best products of world and local cultures. The support we ask from the Government of Guam is only about one-fourth of our operating expenses. For an investment of \$100,000, the people of Guam get \$400,000 worth of services, but without that contribution from the local government, the people of this island will lose their public radio station.

KPRG has had a hand-to-mouth financial existence since its beginning six years ago. We depend on a combination of funding which includes federal grants, corporate underwriting, member contributions and Government of Guam funding. For Fiscal Year 1998 we received \$120,000 from a Government of Guam appropriation. For Fiscal Year 1999 we received nothing from the Government of Guam. We are all aware of the current fiscal situation. The staff and management of KPRG have made every effort to make do without a local appropriation. We launched an aggressive effort to sell underwriting to compensate for the loss of Government of Guam funding. We have not been completely successful in that goal in these tough economic times.

Our situation is desperate. We will not make it through the year without support from the Government of Guam. It has been said many times before, but the words have never been truer than they are today: Public Radio can survive only with your help.

Letter of Testimony

To: Twenty-Fifth Guam Legislature, Committee on Education

From: Brenna E. Lorenz

Re: Testimony In Favor Of Bill 386 (cor) Guam Public Radio Funding

Testimony

Please support Bill 386 to fund Guam Public Radio. KPRG offers unique, educational programming not available on commercial stations. KPRG also offers members of the community ^{the opportunity} to get valuable experience in working at various jobs in a radio station. For example, my 15-year-old daughter and I have our own show, "Rags to Rhythms," in which we teach music history as well as play rare pre-World War II recordings. We would not have been able to get this experience anywhere else, and our listeners would not be able to hear our material anywhere else. This is just one example of the opportunities this station provides the community.

We are contributing members of public radio station KPRG. We understand that the current status of KPRG here on Guam is dependant also on local funding decisions. This letter is in support of your decision to spend whatever proportion of the tax dollars my husband and I contribute to Guam that will be necessary for the survival of KPRG.

Sincerely,

Barbara D. Warren

LETTER OF TESTIMONY

TO: TWENTY-FIFTH GUAM LEGISLATURE,
COMMITTEE ON EDUCATION

FROM: GM1 AND MRS. DANIEL R. COFFEY

RE: TESTIMONY IN FAVOR OF BILL 386 (COR)
GUAM PUBLIC RADIO FUNDING

TESTIMONY:

As residents of Guam we urge you to help provide funding for KPRG.

Public radio provides basic, essential services to Guam.

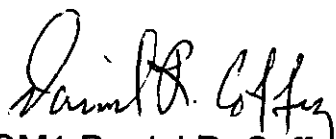

Broadcasting training for any interested volunteers is provided. It is a valuable training that is totally free-of-charge.

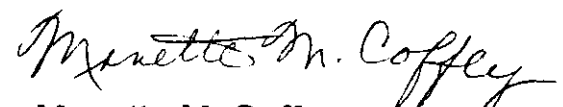

Programs such as Mr. Jose Torres' Classical Concert enrich the musical education of Guam. Mr. Fel Baldiva's new Phillipine music program, broadcast in Filipino and English, also addresses Guam's rich cultural diversity.

As avid listeners and supporters, we urge you to continue support for Public Radio for Guam.

Thank you for your help.

Sincerely,

GM1 Daniel R. Coffey

Re: Testimony In Favor Of Bill 386 (cor) Guam Public Radio Funding

Testimony

More people listen to the radio than read the newspaper, and ~~more people listen to the radio for longer each day than they watch~~ TV. Those are the facts. Radio is very, very important as a communications tool. ~~With the radio you can reach people at work, or driving in their car, or fishing, or at home.~~ It is relatively inexpensive, yet very effective in getting the word out to a population.

Public radio on our island reaches the public with a serious, ~~responsible programming.~~ ~~It provides local organizations and groups of citizens the opportunity to divulge their message, very frequently for free, as a public message, or via an interview in a talk show.~~ Numerous charity organizations have had access to the airwaves thanks to Public Radio for Guam. Far from playing irresponsible rap music and promoting beer, public radio gives our community rock and roll music, jazz, classical, reggae, guitar, latin music, and promotes our local musical talent as well.

~~In our modern times it is extremely important to be well informed. Public Radio for Guam offers its listeners the best world news programs available anywhere on the planet, BBC World News and All Things Considered, a news program that does not dwell on criminal news alone, like most other radio and TV news programs.~~ Should we lose our public radio station, we would be at the mercy of rap music, CNN and the PDN with their biased versions of news for our people.

Testimony

KPRG-FM, public radio for Guam serves a most vital need of the people of Guam: providing entertainment & information (education) for a vast number of listeners who are underserved by the island's commercial & religious radio stations.

I support the passage of Bill 386 which will provide, if passed, much needed funds for the station to continue its work.

Re: Testimony In Favor Of Bill 386 (cor) Guam Public Radio Funding

Testimony

Guam's legislators need to help KPRG to continue to provide unique and interesting programs not available on other radio stations - by funding the station at the level requested, if not even more! Like public television, Channel 12, KPRG's goals are non-profit, educational and entertaining - Guam needs this kind of radio station, one not oriented toward "making a buck", nor with any political or religious agenda. - It is a station for every body, not just a few - Please help keep it alive and growing!

Re: Bill 386

Dear Sirs/Madams:

When I retired to Guam from Virginia and came across KPRG, I knew I had made the right choice for a retirement home. KPRG provides a richness in programming that is irreplaceable. It provides an outstanding selection of music from classical to jazz, to Latin to reggae to current rhythms etc. In addition, it broadcasts a multiplicity of cultural programs unavailable elsewhere.

Although I will be off island on the 12th, I wanted to get this note off to you before departing to urge you to give your fullest support to funding bill 386. We can't afford to lose the polished jewel in Guam's crown represented by KPRG.

Re: Testimony in Favor of Bill (con) Guam Public Radio
Funding

My personal experience with KPRG 89.3 has been resourceful, rewarding, and most importantly "educational." As an intern or volunteer, KPRG was instrumental in providing me with the basic skills needed to excel in the field of radio broadcast. Most of all, the atmosphere is nurturing and comfortable. Something to take in consideration when providing a great learning experience.

Thank You,
Jason S. Datum

Re: Testimony In Favor Of Bill 386 (cor) Guam Public Radio Funding

Testimony

KPRG offers programming that is important to our community. So many of the other stations offerings are very similar, but KPRG is unique. It offers news from several different viewpoints and in-depth interviews which are found nowhere else. In addition, it offers any of Guams residents the opportunity of presenting whatever they feel is important. I listen to KPRG almost exclusively. It's arrival on Guam let me feel connected to the rest of the world in a way that nothing else has.
