The Honorable Antonio R. Unpingco
 Speaker
 I Mina'Bente Singko na Liheslaturan Guåhan
 Twenty-Fifth Guam Legislature
 Guam Legislature Temporary Building
 155 Hesler Street
 Hagåtña, Guam 96910

Dear Speaker Unpingco:

Enclosed please find Substitute Bill No. 334 (COR), "AN ACT TO ADD §§10108(i) AND 10108(j) TO ARTICLE 1, CHAPTER 10 OF TITLE 5 OF THE GUAM CODE ANNOTATED, RELATIVE TO THE DISCLOSURE OF PUBLIC DOCUMENTS OF CERTAIN GOVERNMENT AGENCIES AND INSTRUMENTALITIES AS REQUIRED BY P.L. NO. 25-06, THE SUNSHINE REFORM ACT OF 1999", which I have signed into law today as **Public Law No. 25-78**.

This legislation puts back into the list of exempted documents which do not have to be released to the public the same privileged documents which have always been exempt from release. The Freedom of Information Act which was in place since the Nineteenth Guam Legislature exempted from release information which is "otherwise privileged" and as "expressly prohibited in law." This Public Law No. 25-78 puts back the same language, by exempting from disclosure "all existing privileges or confidential records or other information expressly protected under the law." In this respect, this legislation clarifies recent Public Law No. 25-06, but does not add anything to the prior existing law, Public Law No. 19-05.

An additional exemption from release to the public included in this legislation are various "security procedures."

All documents otherwise listed by 27 different agencies were disapproved as possible exemptions from release to the public. The agencies whose lists were disapproved were:

- A. B. Won Pat Guam International Airport Authority
- Guam Mass Transit Authority
- Guam Telephone Authority

00552

Port Authority of Guam
Department of Administration
Department of Revenue and Taxation
Office of the Public Auditor
Guam Housing Corporation
Guam Housing and Urban Renewal Authority
Government of Guam Retirement Fund
Guam Finance Commission
Customs and Quarantine Agency
Civil Service Commission
Governor's Office
Department of Land Management
Department of Agriculture
Chamorro Heritage Institute Planning Group
Chamorro Language Commission
Guam Developmental Disabilities Council
Department of Integrated Services for Individuals with Disabilities
Department of Mental Health and Substance Abuse
Department of Public Health and Social Services
Guam Memorial Hospital Authority
Guam Museum
Guam Election Commission
Department of Military Affairs
Guam Council on Arts and Humanities Agency

It is hard to believe that not one item on any of the listings is worthy of an exemption from release. Perhaps the requirement to make these lists and the public hearings and sessions devoted to the subject were nothing more than a public media presentation for politics.

Very truly yours,

Carl T. C. Gutierrez
I Maga'Lahen Guåhan
Governor of Guam

I. OVERVIEW

Bill 334 is the legislative vehicle by which exemptions to Guam's disclosure law, the Sunshine Reform Act, submitted by the group of government entities under the purview of *I Mina' Bente Singko na Liheslaturan Guåhan's Kumiten Salut, Setbision Tinaotao yan Irengian Chamorro* will be adopted in fulfillment of statutory mandates. The affected entities are the Chamorro Heritage Institute Planning Group, Chamorro Language Commission, Guam Developmental Disabilities Council, Department of Integrated Services for Individuals with Disabilities, Department of Mental Health and Substance Abuse, Department of Public Health and Social Services, Guam Memorial Hospital Authority; and Guam Museum.

The Committee held public hearings on September 3 and September 10, 1999 for officials to explain and justify their proposals.

People who participated at the hearings are recorded in the accompanying attendance records.

II. COMMITTEE FINDINGS

Jayne Flores, Treasurer of the Marianas Society of Professional Journalists, issued a general statement that matters concerning the use of public funds should not be kept from public scrutiny. Even patient and client data, in the aggregate and redacted, should be accessible to the public. She informed the Committee that government entities should be open to review and that they should not use this exercise of listing non-disclosable documents to hide their performance records. The Society does not object to making private those documents that contain personal identifiers of employees or clients, unless they are deemed by law to be disclosable.

The dialogue between Committees members, the general public and government officials revealed common denominators in the various pieces of information on the lists. Employee records, client-specific data, executive session minutes, matters under litigation, bidding and procurement documents under review, and documents protected by federal law are reasonable items to keep private while at the same time not violating the public's right to know. Documents outside these parameters were scuttled by the Committee and not part of the list.

In conclusion, the Committee publicly scrutinized the lists submitted by the respective agencies and departments and engaged in substantive discussions sufficient to understand which items are disclosable and which are not. The list attached to Bill contains the substance of the matter and the Bill itself is the instrument for its adoption.

III. COMMITTEE RECOMMENDATIONS

The Committee on Health, Human Services and Chamorro Heritage recommends to the full body **"To Do Pass." Bill No. 333.**
