The Honorable Vicente C. Pangelinan
Speaker
I Mina'Bente Siete Na Liheslaturan Guahån
Twenty-Seventh Guam Legislature
155 Hesler Street
Hagåtña, Guam 96910

Dear Speaker Pangelinan:

Transmitted herewith is Bill No. 155 (COR), "AN ACT TO REPEAL AND REENACT ARTICLE 9 OF CHAPTER 2. DIVISION 1, PART 1 OF TITLE 10 OF THE GUAM CODE ANNOTATED RELATIVE TO THE MEDICALLY INDIGENT PROGRAM," which I have signed into law on September 30, 2003, as Public Law No. 27-30.

This Act is an important first step towards improving access and quality medical care for our indigent population. This measure and the planned expansion of the Department of Public Health and Social Services' northern and southern community health centers will go a long way towards addressing primary care and preventive health services with a goal of ensuring that everyone has a medical home.

I strongly urge the Guam Memorial Hospital, the Department of Public Health and Social Services, and other interested members of the community, to continue constructive dialogue and work closely with the Oversight Chair of the Committee on Health in the refinement and/or improvement of the administrative provisions put in place by this measure.

Sincerely yours,

KALEO S. MOYLAN
I Maga'låhi Para Pa'go
Acting Governor of Guam

**AN ACT TO REPEAL SECTION 32 OF PUBLIC LAW 26-
35 AND TO REPEAL AND REENACT ARTICLE 9 OF
CHAPTER 2, DIVISION 1, PART 1 OF TITLE 10 OF
THE GUAM CODE ANNOTATED RELATIVE TO THE
MEDICALLY INDIGENT PROGRAM.**

1 **BE IT ENACTED BY THE PEOPLE OF GUAM:**

2 Section 1. Section 32 of Public Law 26-35 is hereby *repealed* in its
3 entirety.

1 **Section 2920. Severability.**

2 **Section 2901. Legislative Intent.** *I Liheslaturan Guåhan* believes
3 there is a moral and social obligation to increase access to quality health care
4 for those individuals who lack sufficient financial resources to meet the costs
5 of medical care. In the past several years, there have been attempts to make
6 changes and revise the Medically Indigent Program ('MIP') to improve
7 services and benefits, decrease costs and still provide the best health care
8 possible while using scarce public resources.

9 As the government of Guam continues to experience economic
10 difficulties to address many issues in the community, health remains to be
11 the forefront in those discussions, especially for those individuals who
12 cannot afford health insurance. It is paramount that *I Liheslaturan Guåhan*
13 recognizes this when allocating health care resources.

14 It is therefore the intent of *I Liheslaturan Guåhan* to change the criteria
15 for eligibility and benefit coverage to reflect budgetary constraints within
16 the Medically Indigent Program without compromising the health care
17 services provided by the government of Guam.

18 **Section 2902. Medically Indigent Program.** There is established the
19 'Guam Medically Indigent Program.' The Medically Indigent Program is
20 established for the purpose of providing medical, dental and behavioral
21 health assistance to the indigent people of Guam in a manner that ensures
22 access to basic quality health care at an affordable cost. The Program shall
23 be composed of the following:

1 (a) Defining eligibility for financial assistance, consistent with
2 health care costs, consistent with Section 2905 of this Article; and as
3 may be amended from time to time;

4 (b) Determining the scope of services covered by the Program
5 along with a mechanism for updating the scope of services from time
6 to time;

7 (c) Establishing Provider reimbursements and a care
8 contribution or cost-sharing program for persons with the ability to
9 pay for a portion of their health care costs, based upon family size,
10 monthly income and resources as these terms are defined in this
11 Article;

12 (d) Establishing procedures to verify the validity of need and
13 eligibility of persons applying for assistance under this Program; *and*

14 (e) A plan to effectively implement policies and procedures
15 for operations of this Program.

20 (i) does *not* have medical insurance coverage nor

22 or for medical services as determined by the cost-sharing
23 Program developed by the Administrator based upon the

23 certain to save lives or significantly alter an adverse prognosis:

3 Code Annotated.

4 (o) *'Provider'* means any person who contracts with the

10 established by this Article.

11 **Section 2904. Establishment of the Bureau of Health Care**
12 **Financing Administration.**

13 (a) There is established within the Department of Public
14 Health and Social Services, within the Division of Public Welfare, a
15 Program unit entitled the *'Bureau of Health Care Financing*
16 *Administration,'* which shall administer the Guam Medicaid
17 Program and the Guam Medically Indigent Program, *subject to* the
18 requirements and exceptions of this Article.

19 (b) The Administrator has full operational responsibility for
20 the Program, *subject to* supervision by the Chief Human Services
21 Administrator of the Division of Public Welfare with such duties that
22 may include any or all of the following:

23 (1) Defining eligibility for financial assistance with
24 health care costs, consistent with Section 2905 of this Article;

1 (2) Development of implementation and operation
2 plans for the Program, which include reasonable access to
3 hospitalization, medical, dental and behavioral health care
4 services for members, as provided by this Article.

5 (3) Contract administration, certification and oversight
6 of Providers.

7 (4) Provision of technical assistance services to
8 Providers and potential Providers.

9 (5) Development of a complete system of accounts and
10 controls for the Program, including provisions designed to
11 ensure that covered health services provided through the
12 Program are *not* used unnecessarily or unreasonably, including,
13 but *not* limited to, inpatient mental health services provided in
14 a hospital. The Administrator shall regularly compare the
15 scope, utilization rates, utilization control methods and unit
16 prices of major health care services provided on Guam in
17 comparison with Program health care services to identify any
18 unnecessary or unreasonable utilization within the Program.
19 The Administrator shall periodically assess the cost
20 effectiveness and health implications of alternate approaches to
21 the provision of covered health and medical services through
22 the Program in order to reduce unnecessary or unreasonable
23 utilization.

24 (6) Establishment of peer review and utilization review
25 functions for all Providers.

1 (7) Assistance in the formation of medical, dental and
2 behavioral health care consortiums to provide covered health
3 and medical services under the Program.

4 (8) Development and management of a Provider
5 payment system.

6 (9) Establishment and management of a comprehensive
7 system for assuring the quality of care delivered by the
8 Program.

9 (10) Establishment and management of a system to
10 prevent fraud by members, eligible persons and Providers of
11 the Program.

12 (11) Development of a health education and information
13 program.

14 (12) Development and management of a participant
15 enrollment system.

16 (13) Establishment of a system to implement medical
17 child support requirements, as required by Federal and local
18 law. The Administrator may enter into an intergovernmental
19 agreement with the Department of Law to implement the
20 provisions of this Subsection.

21 (14) *Except* for reinsurance obtained by Providers, the
22 Administrator shall coordinate benefits provided under this
23 Article to an eligible person who also is covered by workers'
24 compensation, disability insurance, a health care services
25 organization, an accountable health plan, or any other health or

1 medical or disability insurance plan, including coverage made
2 available to eligible persons or who receives payments for
3 accident-related injuries, so that any costs for hospitalization,
4 medical, dental or behavioral health care paid by the Program
5 are recovered from any other available third-party payers. The
6 Administrator may require that Providers and Non-Providers
7 are responsible for the coordination of benefits for services
8 provided under this Article. Requirements for coordination of
9 benefits by Non-Providers under this Section shall be limited to
10 coordination with standard health insurance and disability
11 insurance policies, and similar programs for health coverage.
12 The Program shall act as a payer of last resort for eligible
13 persons as defined by this Article, *unless* specifically prohibited
14 by Federal or local law. The Administrator may require eligible
15 persons to assign to the system rights to all types of medical
16 benefits, to which the person is entitled, including, but *not*
17 limited to, first-party medical benefits under automobile
18 insurance policies. The government of Guam has a right to
19 subrogation against any other person or firm to enforce the
20 assignment of medical benefits. The provisions of this
21 Subsection are controlling over the provisions of any insurance
22 policy, which provides benefits to an eligible person *if* the
23 policy is inconsistent with the provisions of this Subsection.

24 (15) The Administrator shall require as a condition of a
25 contract with any Provider that all records relating to contract

1 compliance are available for inspection by the Administrator or
2 the Director and that such records be maintained by the
3 Provider for five (5) years. The Administrator shall also require
4 that a Provider make such records available on request of the
5 Secretary of the United States Department of Health and
6 Human Services, or its successor agency.

7 (16) The Administrator shall establish procedures for:

8 (i) the transition of patients between system
9 Providers and Non-Providers; *and*

10 (ii) the referral of members and persons who
11 have been determined eligible to hospitals and other
12 medical facilities, which have contracts to care for such
13 persons.

14 (17) The Administrator shall set forth procedures and
15 standards for use by the Program in requesting long-term care
16 for members or persons determined eligible.

17 (18) As a condition of the contract with any Provider,
18 the Administrator shall require such contract terms as are
19 necessary, in the judgment of the Administrator, to ensure
20 adequate performance and compliance with all applicable local
21 and Federal laws by the Provider of the provisions of each
22 contract executed pursuant to this Article. Contract provisions
23 required by the Administrator may include, but are *not* limited
24 to, the maintenance of deposits, performance bonds, financial
25 reserves or other financial security. The Administrator may

1 waive requirements for the posting of bonds or security for
2 Providers which have posted other security, equal to or greater
3 than that required by the system, with a local agency for the
4 performance of health service contracts *if* funds would be
5 available from such security for the Program upon default by
6 the Provider. The Administrator may also establish
7 procedures, which provide for the withholding or forfeiture of
8 payments to be made to a Provider by the Program for the
9 failure of the Provider to comply with a provision of the
10 Provider's contract with the Program or with the provisions of
11 adopted rules.

12 (19) *If* the Administrator determines that it is more cost
13 effective for an eligible person to be enrolled in a group health
14 insurance plan in which the person is entitled to be enrolled,
15 the Program may pay all of that person's premiums,
16 deductibles, coinsurance and other cost sharing obligations for
17 services covered under the Program. The person shall apply
18 for enrollment in the group health insurance plan as a condition
19 of eligibility under Section 2903 (e) through Section 2905.

20 (20) *If* the Administrator determines that it is more cost
21 effective to provide for the medical management of a Program
22 participant's health care needs with the provision of services
23 that may fall outside the defined Program benefits, such
24 treatment may be pursued; *provided*, that there will be a
25 significant beneficial outcome to the patient's health status and

1 the total cost of this alternate treatment regime does *not* exceed
2 a total cost of Seventy-five Thousand Dollars (\$75,000.00).
3 Treatment outside the defined Program benefits, must take
4 place at teaching hospitals or be sanctioned by the Federal,
5 Drug Administration as an experimental drug or procedural
6 practice.

7 (c) The Director, in consultation with the Administrator,
8 shall promulgate, *subject to* the Administrative Adjudication Law, a
9 process for the periodic updating and revision of Program Benefits
10 based upon an annual review of Program enrollment, utilization and
11 claims payment and operating expenses.

12 (d) The Director, in consultation with the Administrator,
13 shall establish Guam MIP Income guidelines and annually review
14 and adjust pursuant to the Administrative Adjudication Law.

15 (e) *Subject to* the Administrative Adjudication Law, the
16 Sunshine Reform Act of 1999 and the Health Insurance Portability
17 and Accountability Act (HIPAA) which affects all health insurance
18 entities regarding the type of Protected Health Information (PHI) that
19 they are allowed to disclose and to whom they are to disclose it to,
20 the Director, in consultation with the Administrator, shall prescribe
21 by rules and regulations the types of information that are
22 confidential, and circumstances under which such information may
23 be used or released, including requirements for physician-patient
24 confidentiality. Such rules shall be designed to provide for the
25 exchange of necessary information among Providers, the

1 Administrator and the Department for purposes of eligibility
2 determination or coordination of eligible medical care under this
3 Article.

4 PROGRAM PARTICIPATION AND ELIGIBILITY STANDARDS

5 Section 2905. Program Participation and Eligibility Standards.

6 (a) General Eligibility Criteria. To be eligible for Program
7 coverage, an applicant for the Medically Indigent Program must be a
8 resident of Guam as defined by Section 2903(e) of this Article and as
9 further defined by this Section. In addition, an applicant shall also
10 meet the additional standards for eligibility according to the following
11 three (3) criteria: General Eligibility Standards, Income Limitations,
12 and Resource Limitations as established in this Section, Section 2905.4,
13 and Section 2905.5.

14 (b) Effective Date of Coverage. *Except* as specifically required
15 by Federal law, Section 2905.3 or by Section 2914 of this Article, the
16 Program is only responsible for providing medical coverage effective
17 the first day of the month of application provided that that person
18 has been determined eligible for the program.

19 (c) Applications. Applications for the Medically Indigent
20 Program shall be completed by the applicant, or by someone
21 authorized to act on the applicant's behalf. Upon receipt of an
22 application, the program shall investigate and prepare a complete
23 record of the circumstances of the applicant and provide the applicant
24 with a written response as to the person's eligibility under the
25 Program.

1 (d) Application Requirements. Each applicant shall be
2 required to file an affirmation setting forth such facts about their
3 qualifications for eligibility, annual income and other resources as may
4 be required by the Program. Such statements shall be on forms
5 prescribed by the Program, and may be accepted as evidence of the
6 facts stated, but shall *not* be interpreted to preclude a full and complete
7 investigation by the Program.

8 (e) System for Quality Reviews (QR). The Administrator shall
9 establish a system for QR of a sufficient sample size of applications to
10 assure the validity of all applications.

11 (f) False Declarations as to Eligibility; Liability for
12 Repayment; Penalty. Any individual receiving assistance under this
13 Article for which they were *not* eligible on the basis of false
14 declarations as to their eligibility, or on behalf of any other person
15 receiving assistance under this Article for which such other person or
16 persons were *not* eligible, shall be liable for repayment of all benefits
17 received and shall be guilty of a misdemeanor or felony depending on
18 the amount paid in that person's behalf for which the person was *not*
19 eligible, as specified in the Criminal and Correctional Code, Title 9 of
20 the Guam Code Annotated.

21 **Section 2905.1. General Eligibility Standards.**

22 (a) An applicant must be a person who is, or would be legally
23 obligated to pay for medical services rendered to such person, but
24 through indigence or other financial circumstances, is unable to pay
25 for such services, *and*

1 (1) is *not* eligible for Medicare, Medicaid coverage under
2 Title XVIII or XIX of the Social Security Act or the State
3 Children's Health Insurance Program under Title XXI of the
4 Balanced Budget Act of 1997; *or*

5 (2) has neither private medical insurance coverage nor
6 the financial ability to pay for medical insurance coverage, or for
7 necessary medical services as determined by the Program; *or*

8 (3) has Medicare, Medicaid or private medical insurance
9 coverage, but such coverage is inadequate to cover the cost of
10 medically required treatment and such person is otherwise
11 qualified for the Program as a result of inadequate income or
12 resources.

13 **Section 2905.2. Program Residency Requirements.**

14 (a) The Administrator shall establish rules and regulations
15 for use in determining whether an applicant is a resident of Guam or
16 is eligible for temporarily assisted care, as provided in this Article.
17 The rules shall require that an applicant shall be eligible for Program
18 benefits *only if* the applicant is a resident of Guam and has been a
19 resident on Guam for a period of *no less than* six (6) months, and has
20 physically resided on Guam for a period of *not less than* six (6)
21 months, *except* for temporary absences in the past year which cannot
22 be reasonably construed as absences due to *bona fide* residency
23 outside of Guam.

24 (b) In order for an applicant to prove residency, the
25 requirements of Subsections (a) and (b) of this Section must be met:

1 (1) an applicant shall produce at least one (1) of the
2 following in their name in addition to a Guam rent, mortgage
3 receipt, or utility bill in order to establish beyond a reasonable
4 doubt proof of residency of *no less than* six (6) months:

5 (i) a current Guam motor vehicle driver's license;

6 (ii) a current Guam motor vehicle registration;

7 (iii) a document showing that the applicant is or
8 was employed on Guam, and *if* currently unemployed, an
9 applicant shall provide a document showing that the
10 applicant has registered with a public or private
11 employment service on Guam;

12 (iv) evidence that the applicant has enrolled the
13 applicant's children in a school on Guam;

14 (v) evidence that the applicant is receiving public
15 assistance on Guam; *or*

16 (vi) evidence of registration to vote on Guam.

20 residence outside of Guam;

21 (ii) the applicant does *not* own or lease a motor
22 vehicle registered outside of Guam;

23 (iii) the applicant is *not* receiving public assistance
24 outside of Guam; *and*

1 (iv) the applicant is actively seeking employment
2 on Guam, *if* the applicant is able to work and is *not*
3 employed.

4 (3) Applicants who refuse to cooperate in the eligibility
5 determination process pursuant to this Subsection are *not*
6 eligible. Refusal to cooperate shall be construed to mean that
7 the applicant is unwilling to obtain documentation required for
8 eligibility determination. The Program shall maintain its own
9 applicant file copies of the application submitted to the
10 Program in accordance with this Subsection.

11 (c) An applicant denied eligibility by a program eligibility
12 worker may appeal the determination through the established fair
13 hearing process.

14 **Section 2905.3. Emergency Medical, Tuberculosis.**

15 (a) Persons who would be otherwise eligible as provided by
16 this Article, *except* for their failure to meet the residency requirements
17 prescribed in Section 2905.2, who are ineligible for Title XIX services,
18 are eligible to receive temporary emergency services on Guam that
19 are determined by the Administrator as necessary to treat an
20 emergency medical condition.

21 (b) No residency requirement shall be imposed for persons
22 with tuberculosis. Persons with tuberculosis or leprosy shall be
23 required only to meet income and resource eligibility standards.

24 (c) Each person desiring to be classified as eligible pursuant
25 to this Section shall apply for certification pursuant to rules

1 established by the Administrator. The Administrator shall make the
2 final determination regarding eligibility. On determination that the
3 person is eligible for emergency care, the Administrator shall issue
4 certification of limited eligibility to the applicant and shall provide
5 notification to Program Providers.

6 (d) All persons who are applying for eligibility pursuant to
7 this Section shall submit the application with copies of verification
8 documents to the Administrator, which shall determine the
9 applicant's eligibility. *If* the person is hospitalized at the time of the
10 application, the Administrator may certify the person as eligible
11 pursuant to this Section pending a final determination of eligibility.

12 **Section 2905.4. Income Eligibility Standards.** The Administrator
13 shall set standards for determining monthly income for purposes of
14 eligibility, which shall consider the individual's average pattern of income
15 and earnings, *subject to* subsequent adjustment *if* actual experience deviates
16 substantially from the amount determined by such method.

17 (a) **Income Limitations.** The Guam MIP Income Guidelines
18 shall be used to determine income eligibility for the Medically
19 Indigent Program. In the calculation of income, payments for medical
20 insurance or Medicare premiums shall be excluded. *Prior to* the
21 promulgation of the Guam MIP Income Guidelines, Federal Poverty
22 Guidelines shall be used.

23 (b) **Program Participant's Liability Based on Partial**
24 **Coverage.** *If* an applicant applying for assistance under the Medically
25 Indigent Program has gross income which exceeds the gross income

1 limit of the applicant's category as described above, and exceeds that
2 limit by an amount *not greater than* Three Hundred Dollars (\$300.00),
3 the applicant may still be eligible for partial coverage as provided in
4 this Section.

5 (c) **Liability Guide.**

6 The following is a table of the percentage of a client's liability (per
7 visit, hospital, admission, encounter) for each range of available
8 income per month above the income guideline:

17 **Section 2905.5. Resource Eligibility Standards.**

18 (a) **Resources.** For the purposes of this Article, the term
19 '*resources*' shall include all real or personal property, or any
20 combination of both, held by household members. *If* the holdings are
21 in the form of real property, the value shall be the assessed value
22 determined under the most recent Guam property tax assessment *less*
23 the unpaid amount of any encumbrance of record. *If* the holdings
24 consist of money on deposit, the value shall be the actual amount
25 thereof. *If* the holdings are in any other form of personal property or

1 investment, *except* life insurance, the value shall be the conversion
2 value as of the date of application.

3 The value of property holdings shall be determined as of the
4 date of application and, *if* the household member is found eligible, this
5 determination shall establish the amount of such holdings.

6 **(b) Disposition.** The providing of assistance under this
7 Article shall *not* impose any limitation or restriction upon the
8 individual's right to sell, exchange or change the form of property
9 holdings, nor shall the care provided constitute any encumbrance on
10 the holdings. *However*, any transfer of the holdings, by gift or without
11 adequate or reasonable consideration, shall be presumed to constitute
12 a gift of property with intent to qualify for assistance. Such act shall
13 disqualify the seller for assistance under this Article for future claims
14 for a period determined under standards established by the
15 Administrator. In no event shall the period of ineligibility be for less
16 than the period of time that the capital value of the transferred
17 property would have supplied the person's income or resource needs
18 from the time of the transfer in excess of allowable income or resource
19 limitations.

20 **(c) Resource Limitation.** Household's total resources shall
21 not exceed Two Thousand Dollars (\$2,000.00).

22 (1) Resources, personal and real properties are counted
23 toward the resource reserve limit, for all persons included in the
24 assistance unit. Property of the caretaker, natural, legally liable,
25 or adoptive parents, with whom the children are living, are also

1 included in the assistance unit's property reserve. Properties are
2 evaluated at market value less encumbrances. The following are
3 considered real property: land, houses, mobile homes, and
4 immovable property attached to the land; personal property is
5 all assets other than real property.

6 (2) Client who is a 'Representative Payee' or 'Legal
7 Guardian' or managing someone else's funds. These funds are
8 not included in the client's personal property reserve when they
9 are kept in an account separate and apart from the client's
10 monies and can be identified as being received and designated
11 for someone other than the client.

12 (d) **Assets.** In determining the liquid resources of a household
13 applying for the Program, the following shall be included as liquid
14 assets, *unless* otherwise exempted in this Article:

- 15 (1) cash on hand;
- 16 (2) check or savings account amount;
- 17 (3) stocks or bonds; *and*
- 18 (4) shares in credit union wages from employment,
19 including lump sum payments, time certificates, other
20 investments or cash holdings.

21 (e) **Cash Resources for Medical Treatment Exempted.**

22 Cash resources that will be used for medical treatment-related
23 expenditures are exempted in determining liquid resources.

24 (f) **Vehicles.** The entire value of one (1) licensed vehicle shall
25 be excluded for one (1) parent households and two (2) vehicles shall be

1 excluded for two (2) parent households. All other vehicles shall
2 individually be evaluated at Fair Market Value (FMV) and that portion
3 of the value which exceeds the current Food Stamp Program vehicle
4 disregard shall be attributed in full toward the household's resource
5 limit, regardless of any encumbrances on the vehicles. Vehicles for
6 individuals with disabilities which are customized with a lift to
7 accommodate those individuals with wheelchairs for the purpose of
8 transporting those individuals shall be exempted on a case-by-case
9 basis.

10 (1) Verifications. Client's statement regarding the
11 number of vehicles owned, ownership status and availability is
12 acceptable. To obtain a vehicle's market value, the possible
13 sources of verification include, but are not limited to:

- 14 (i) Kelly Blue Book (Wholesale Value);
- 15 (ii) Copy of Bill of Sale;
- 16 (iii) Estimate from Auto Dealer; *or*
- 17 (iv) Cars not in the Kelly Blue Book, ES
18 assessments.

19 (g) **Real Property.** Real property is excluded in determining
20 the resources of the household when it is their primary home,
21 including the surrounding land which is not separated from the home
22 by intervening property owned by others. Public rights of way, such
23 as roads which run through the surrounding property and separate it
24 from the home will not affect the property exemption. Households
25 that currently do not own a home, but own or are buying a land on

1 which they intend to build or are building a permanent home, shall
2 receive an exclusion for the value of the land and, if it is partially
3 completed for the home.

4 (1) Verifications:

- 5 (i) Signed and Dated statement from a
6 licensed real estate broker;
- 7 (ii) Tax Listings;
- 8 (iii) Copy of the Mortgage Papers; *and*
- 9 (iv) Copy of the Deed of Gift.

10 The agency shall exclude from 'resources' consideration the
11 necessary non-liquid income producing property but not real property
12 as defined under the following criteria: Stocks, inventory, tools,
13 equipment and other non-liquid income-producing property which
14 are usual customary for a given trade, profession or business.

15 **Section 2905.6. Supplemental Coverage; Limitation.** Any
16 supplemental coverage provided pursuant to this Article is *limited to* those
17 items or services for which coverage is *not* otherwise provided by any other
18 insurer, Program or basis of entitlement. Supplemental coverage may
19 include amounts due for co-insurance, deductibles and costs of services
20 which are eligible benefits of the Program for which other coverage or
21 benefit entitlement may *not* have been available at the time the medical
22 service was rendered. Any supplemental coverage to be provided is *subject*
23 *to* the benefit coverage and all limitations of the Medically Indigent
24 Program. When appropriate, the supplemental coverage assistance may be
25 obtained via the Catastrophic Illness Assistance Program.

1 **Section 2905.7. Applicability to All Applicants.** All applicants for
2 the Medically Indigent Program shall meet the eligibility requirements set
3 forth in Section 2905 of this Article. This shall include, but *not* be limited to,
4 individuals requiring services for tuberculosis, leprosy, lytico, bodig, end
5 stage renal disease or insulin for diabetes.

6 **(a) Cost Sharing Program.** Applicants applying for
7 assistance under the Program who are individuals requiring services
8 for tuberculosis, leprosy, lytico, bodig, end stage renal disease or
9 insulin for diabetes, and who have a gross income which *exceeds* by an
10 amount *not greater than* One Thousand Dollars (\$1,000.00) of the gross
11 monthly income limit of its category, shall be eligible for partial
12 coverage as set out below:

13 The following is a table of percentage of an applicant's cost
14 sharing portion for each range of available income per month
15 above the income guidelines:

16 Available Income Per month	Percentage of Cost Sharing
17 (Above Income Guideline)	(Participant's Share)

25 a person's health insurance will *not* be able to cover a particular condition or

1 procedure, and the condition or procedure is within the scope of services
2 covered by the Program, the person may apply for assistance. *If found*
3 *eligible, only the uncovered procedure will be covered by the Program.*

4 **Section 2905.9. Discontinuance of Insurance.** *If otherwise insured,*
5 *any household member at the time of application must maintain the*
6 *member's insurance. Any household member who is discontinued from*
7 *insurance coverage for reasons beyond that person's control may be eligible*
8 *for Program coverage if eligibility criteria are met. A one (1) year penalty*
9 *shall be imposed for applicants that knowingly violate this requirement.*

10 **Section 2905.10. Potential Medicaid Clients.** Potential Program
11 applicants that may qualify for Medicaid benefits must apply for assistance
12 to the appropriate Medicaid categorical program and exhaust all eligible
13 benefits before they can be eligible for coverage under the Medically
14 Indigent Program.

15 **Section 2905.11. Last Resort for Medical Services.** The Medically
16 Indigent Program is intended to be the last resort for the provision of
17 medical services for those persons who cannot pay for medical services.
18 Therefore, a person with medical insurance must refer claims to that
19 person's insurance company *first*, before the bills can be submitted to the
20 Medically Indigent Program. Those services provided by Federal or other
21 Guam Programs shall be utilized first, in order that the Medically Indigent
22 Program is the payor of *last resort*.

23 **Section 2905.12. Treatment of Eighteen Year Old Applicants.** An
24 individual who has attained the age of eighteen (18) years and who is *not* a
