KINN GUAM LEGISLATURE
1967 (FIRST) Regular Session

BILL NO. 146

Introduced by

Committee on Rules, by
request of the Governor
in accordance with Section
6(b) of the Organic Act
of Guam.

AN ACT TO REPEAL SUBSECTION (b) OF SECTION 9670.5,
AND IN LIEU THEREOF TO ENACT A NEW SUBSECTION (b)
OF SECTION 9670.5, CHAPTER 6, TITLE I, GOVERNMENT
CODE OF GUAM, TO PROVIDE REQUIREMENTS FOR CONNEC-
TIONS TO PUBLIC SEWERS.

BE IT ENACTED BY THE PEOPLE OF THE TERRITORY OF GUAM:

Section 1. Subsection (b) of Section 9670.5 of the Government Code
of Guam is hereby repealed in its entirety, and in lieu thereof, a new
Subsection (b) is hereby enacted to read as follows:

"(b) When a public sewer is available, all buildings used for
human occupancy, employment or recreation and situated upon lands
abutting any road, street, or other way or easement in which a public
sewer is located, must have suitable toilet facilities installed and
connected to the public sewer, in accordance with the following schedule:

(1) Every such building constructed after the effective
date of this act or after a public sewer becomes available whichever
ever is later, must include such installation and connection in
the construction.

(2) Any such building existing at the time a public sewer
first becomes available and being served only by type I facili-
ties must be provided such installation and connection within
thirty days after the public sewer becomes available; provided,
however, that, upon, application, the Director of Public Health
and Welfare may extend the time to not more than six months but
only on the basis of his express finding that such extension of
time will not be hazardous to health.

(5) Any such building existing at the time a public sewer first becomes available and being served by Type 2 facilities which are entirely adequate and without defect may continue to be served by such existing facilities for a maximum period of five years upon the following conditions:

b. No repairs, replacements or additions of or to such facilities will be permitted.

b. Whenever any such facility becomes defective or inadequate, connection to the public sewer must be made within thirty days after notice given by the Director of Public Health and Welfare, who may, however, upon application, extend the time to not more than six months if he finds that the defect or inadequacy is not hazardous to health.

c. Whenever a public sewer becomes available, the Director of Public Health and Welfare, as soon as possible, shall make or cause to be made an inspection of all Type 2 facilities on lands abutting the road, street, or other way or easement in which such sewer is located and shall promptly notify the persons concerned of his determination of whether such facilities may continue to be used as above provided.

(4) The Director of Public Health and Welfare may inspect or cause to be inspected any toilet facilities at any time and shall make or have made suitable inspections with such frequency as may be necessary to assure compliance with this section.
