Dear Madame Speaker:

Attached is Bill No. 204-33 (COR), entitled, "An act to add a new § 1106(a) to Chapter 1 of Title 2, Guam Code Annotated; and to Amend § 40109(a) of Chapter 40 of Title 5, Guam Code Annotated, Relative to Reducing the Compensation of Elected and Appointed officials," which I have **VETOED**.

The reason for my veto is simple. The integrity of the Hay study, which set the salary adjustment for the entire government, should be maintained. This has been my consistent message from the day my office submitted the plan two years ago.

I argued against politicizing the effort to ensure parity, but the Democratic leadership did just that and bifurcated the bill. And now, with the election 8 months away, we are again revisiting this issue. Worse yet, you are including the mayors who are at the frontline to people in the villages.

And I believe that for the Legislature to use data from the first quarter is misleading. As the Department of Administration informed senators, there are huge payments made in that first quarter, including the lump sum of \$30 million for COLA required by law. My fiscal team is able to ensure these payments are made, however, while also paying out tax refunds.

I stand firmly by my fiscal policy team's success for 5 years running to manage the highs and lows of any given fiscal year. This same team postured Guam to accomplish record low-interest ratings on the bond market saving the people millions in debt service.

The resurrection of this issue at this time is nothing but political maneuvering. If the Legislature is indeed sincere in its desire to help, it easily do so on its own. Each senator can appropriate the more than \$1 million hoarded in lapsed sums to areas where they believe the government's finances are lacking. Or they can simply volunteer to reduce their own salaries.

Senseramente,

EDDIE BAZA CALVO
Governor of Guam
